## Contents for Producing Data: Designing Studies

### Designing Studies

- Designing Studies Introduction
- Identifying Study Design: Types of Studies
- Identifying Study Design: Experiments vs. Observational Studies

### Observational Studies

- Causation and Observational Studies: Lurking Variables
- Causation and Observational Studies: Other Pitfalls
- Sample Surveys: Design Issues
- Sample Surveys: Summary

### Experiments with One Explanatory Variable

- Causation and Experiments
- Learn By Doing Activity
- Blind and Double-Blind Experiments
- Pitfalls in Experimentation

### Experiments with More Than One Explanatory Variable

- Experiments with Multiple Explanatory Variables
- Modifications to Randomization

## Designing Studies Summary

- Wrap-Up (Designing Studies)

## Producing Data Summary

- Summary (Producing Data)
