Contents for Probability: Conditional Probability and Independence

Conditional Probability and Independence Overview

- Conditional Probability and Independence Introduction
- Conditional Probability: Reasoning
- Conditional Probability: Defined
- Independence Check: Compare $P(B | A)$ and $P(B)$
- Independence Check: Other Methods

Multiplication Rule

- The General Multiplication Rule: Defined
- The General Multiplication Rule: Applications
- Probability Trees: Defined
- Probability Trees: Examples
- Probability Trees: Applications

Conditional Probability and Independence Summary

- Wrap-Up (Conditional Probability and Independence)
